## **REVISION TO EMERGENCY STONE BANK PROTECTION**

### **KANAWHA RIVER, MILE 0.1 & OHIO RIVER, MILE 265.0**

Reference Notice to Navigation Interests No. 04-13, dated 12 March 2004.

The anticipated completion date has changed to 11 June 2004. All other information remains the same.

#### **For your convenience, the following is from Notice to Navigation Interests 04-13:**

Notice is given that on or about 15 March 2004, Madison Coal and Supply Company, contractor for the U. S. Army Corps of Engineers, Huntington District, will begin emergency stone bank protection work along the right descending bank of the Kanawha River, mile 0.1 and Ohio River, mile 265.0 left descending bank. During the course of this work, material will have to be dredged from the work site. This material will be disposed of upland at Madison Coal and Supply Company property, Kanawha River, mile 35.6, right descending bank.

The contractor's floating plant will consist of the M/V IRON DUKE, two barge mounted cranes, and five material barges. The M/V IRON DUKE will be monitoring marine channels 13 and 16. Work will be performed between the hours of 7:00 a.m. and 5:00 p.m. Monday through Saturday, and it is anticipated that the work will be completed on or about 15 May 2004.

During non-working hours, the floating plant will be moored at the work site and lighted according to regulations.

Mariners are urged to use extreme caution in the area.

ARLIE D. BISHOP  
Chief, Technical Support Branch
